Dr. Walter Kostrzewski  
203 Cherry St.  
Milford, CT 06460

Dear Dr. Kostrzewski,

Your generosity and care will make a profound difference in the lives of courageous children here in Connecticut. On behalf of the Make-A-Wish Foundation® of Connecticut, thank you for all the support you extend to our chapter by organizing your annual Comfort Care program. We recognize that this year's event raised a grand total of \$5,236.50\* to help make wishes come true for children with life threatening illnesses. We are so grateful for this very generous and meaningful contribution, and for all the wonderful ways in which you *share the power of a wish*® with your friends, colleagues, and business associates.

We truly appreciate your belief in our mission and great care and compassion for the children we serve. With your help and confidence in us, we will continue to serve all medically eligible children in the state, ages 2 ½ to 18, who are referred to us. Because of friends like you, we granted 130 wishes this past fiscal year and granted these wishes to children at a time when they needed a positive experience the most. Wishes allow "kids to be kids" again!

We hear and see that wish experiences can do wonders to help a child put aside the difficulty of dealing with a life-threatening medical condition. Olivia's parents were thrilled with the Disney wish they were granted. They write, "Words cannot express how truly grateful we are for this gift you have given us. This trip made us feel whole again. It was a dream come true and one we will never forget. You have done a wonderful thing for our family, restored our faith that there are good people in this world and gave us a celebratory week we will never forget. Thanks for helping us start our new lives together on such a high note."

Thanks to your kindness, wishes will continue to inspire joy and laughter in the lives of courageous children and their families. May the hope, strength, and joy you are helping to bring others be returned to you in a magical way!

Warmest Wishes,

  
Ken Savino  
Chairman of the Board

Thank you for your  
continued support!
